

As a Special Educator from Branford, CT that works closely with Board Certified Behavior Analysts, I am writing to support SB 1089 sections 23-29. Licensure of BCBA's and BCaBA's is crucial for general consumer protection. I strongly believe that the work BCBA's and BCaBA's do with children and adults with disabilities is a vital and important and should be recognized in our state.

Sincerely,  
Jill Ciarciello  
Special Education Teacher
